

## CLAIMS

2

As will be apparent to those skilled in the art in the light of the foregoing disclosure, many alterations and modifications are possible in the practice of this invention without departing from the spirit or scope thereof. Accordingly, the scope of the invention is to be construed in accordance with the substance defined by the following claims.

8

What is claimed is:

10

1. A movable drying rack adapted for mounting over an existing bathtub and onto said bathtub outer rim, comprising:
  - 14 (a) at least one elongate bar positioned outwardly and over said bathtub outer rim and retained substantially parallel to said bathtub rim;
  - 16 (b) a pair of spaced arms connected to both outward ends of said elongate bar, said spaced arms including an inverted U-shaped section, engageable with said bathtub outer rim and;
  - 20 (c) said elongate bar located at a horizontal elevation above that of said bathtub outer rim.

24

2. A movable drying rack adapted for mounting over an existing bathtub and onto said bathtub outer rim, comprising:

26

- (a) at least one elongate bar positioned outwardly and over said bathtub and retained substantially parallel to said bathtub outer rim;

- (b) a pair of spaced arms connected to both outward ends of said elongate bar,  
2 said spaced arms including an inverted U-shaped section, engageable with said  
bathtub outer rim;
- 4
- (c) said elongate bar located at a horizontal elevation above that of said bathtub  
6 outer rim, and;
- 8 d) an adjustable bathtub rim engaging portion included as a lower part of each  
said arm, said adjustable engaging portion being positioned substantially  
10 perpendicular to said bathtub.
- 12 3. A movable drying rack of claim 2, where said adjustable bathtub rim engaging  
portion on said arms is a spring loaded lever.
- 14
- 16 5. A movable drying rack of claim 2, where said adjustable bathtub rim engaging  
portion on said arms is a threaded thumbscrew.
- 18
- 20 6. A movable drying rack of claim 2, where said inverted U-shaped section has a  
slotted relieve thereabove for accepting a lower shower door frame mounted on  
said bathtub rim.
